No 99

MOUNTED REGIMENTS

FOR THE NEW PROVINCES.

Strathcona Horse will become a permanent unit in the Canadian Forces

Bulletin Special.

Ottawa, April 18th.—With the advent of the two new provinces in Western Canada is to be the extension of the military system over the entire country between Manitoba and the Rocky Mountains. The people of the Territories have been clamoring for Militia regiments for some years and the Minister of the Militia feels that the time has arrived to grant the request. It is probable therefore the establishment of the coming fiscal year will provide for an increase of 2000 men from the provinces of Saskatchewan and Alberta. The idea which the Minister has in view is to authorize the creation of an efficient mounted force. Strathcona Horse will be received. It is expected that many of the men who served in the splendid regiment raised by the generosity of their venerable High Commissioner will join the corps again. Possibly in some larger towns the establishment of independent infantry companies will be authorized but preferably the Minister desires mounted regiments.

MEETING AT BON ACCORD.

A crowded meeting was held in Bon Accord schoolhouse last evening to hear the political issues of the day discussed on the occasion of the Edmonton bye-election. The interior of the school building was very tastefully decorated with evergreens, flowers and welcome flags, the work of ladies of the district, of whom a number were present. Mr. Milligan, of Bon Accord, was chairman and opened the meeting with a short and clever address. J. G. Turfitt, M. P. for East Assiniboia, was the first speaker. He assured the people of the hearty support by the Western Liberal members of the member for Edmonton in his new and arduous duties of Minister of Interior.

Mr. Oliver followed and dealt fully with the financial and educational clauses of the autonomy bills. He spoke of the slur that had been thrown by some against the electors of the district and against himself by the suggestion that he had sacrificed principle for the sake of office, and that they would sacrifice principle for the sake of possible material advantage in his support. The best answer to that slur was the mutual record for twenty-two years of the electors and himself. They had supported him consistently in the past because of principle, not only without suggestion of material advantage, but in the face of persistent suggestions of such advantage if they would withdraw their support. Now that it had been offered high office and great responsibility, he would be serving very ill those who had supported him so long under difficult circumstances, if, while maintaining to the full the principles he had always advocated, he did not accept.

J. R. Boyle gave a short address dealing with the Ontario agitation on that if the school system of the North-West was like that of Ontario, there would be every reason for the very strong language that was being used in regard to the North-West system by the newspapers there.

Several questions were asked by members of the audience and were answered satisfactorily. A vote of thanks to the chairman, the national anthem and cheers for Oliver closed the meeting.

MARRIED.

Webb-Wilson.—At the Manor, Edmonton by the Rev. D. G. McQuinn, on Monday, the 17th of April, Francis Edgar Webb to Evelyn Wilson.

BOTTOM FALLS OUT

OF THE AUTONOMY DEBATE.

Grant says Toronto is the Storm-centre.—Money comes slowly for Campaign Fund to contest Edmonton

Bulletin Special.

Ottawa, April 17.—Grant, of "North Ontario" speaking on the Autonomy Bill said the whole opposition centered in Toronto. The bottom has fallen out of the debate and the Opposition is anxious to see it closed. Parties are here trying to get up a fund to contest Edmonton but are not meeting with much success.

GRANOLITHIC WALKS.

A. M. McLeod was circulating a petition this morning among the business men asking the council to construct granolithic sidewalks on both sides of Jasper avenue from Fraser avenue to Fourth street. The petition was readily signed by a large number of business men and the work will probably be undertaken forthwith. Tenders have been invited for the cement required and these will be opened at tonight's meeting. In the meantime a large amount of gravel is being taken from the river bed and piled on the bank that work may not be interfered with by a rise in the river.

ARMY SETTLEMENTS

MAY BE MADE IN CANADA.

Rider Haggard leaves for Home to report on Conditions in the U.S.A. Settlements.

Bulletin Special.

Ottawa, April 17th.—Rider Haggard left Rideau Hall today for New York from where he sails on Wednesday by the Majestic. It is understood that he will report favorably to the British Government on the condition of the Salvation Army settlement in the United States and also that his negotiations with the Dominion Government were very satisfactory indeed.

NO ANNOUNCEMENT YET.

The local Conservatives have not as yet made any official announcement regarding their intention of opposing Mr. Oliver at the coming election.

J. C. P. Brown, president of the district association seen this morning, had no statement for publication but said that a convention of delegates from various parts of the riding would be held in the city tomorrow to talk over the situation and determine a line of action.

It is reported that the convention will be attended by special ambassadors from the party held quarters in the east but what is the nature or purpose of their visit is not given out.

GOOD AGENTS FOR THE Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

MR BORDEN'S OPINION.

Speaking in the House on March 31, Mr. R. L. Borden leader of the Opposition, gave his opinion of Frank Oliver as follows:—"I imagine that that honorable gentleman (Mr. Frank Oliver) would make a very good Minister of the Interior, and I am inclined to press his claims. He is a very good friend of mine personally though we differ somewhat politically; and I stand here to urge the claims of my honorable friend from Edmonton to this position. He is a gentleman of ripe experience and great ability, and as we all know, a gentleman of absolute and perfect independence on all questions.

MR. BERGERON'S VIEW POINT.

Mr. Bergeron the second Lieutenant in Quebec of Mr. Borden attacks the school clause in this fashion:—

"The separate schools in the North West are, for all practical purposes the very same as the public schools. Now, the amended Bill of my right Hon. friend (Sir Wilfrid Laurier), in my opinion, will prevent altogether the establishment in the North West of separate schools such as I would like to see. He perpetuates the provision of the ordinance now existing and the Hon. member for Brandon (Mr. Sifton) has declared that the schools under these ordinances are entirely public schools. Put this upon the statute-books and you prevent forever the establishment of separate schools in the North West provinces."

While the Dominion Government is being violently assailed in certain sections of Canada for imposing separate schools upon the North West provinces, it is to be assailed in certain other sections of this wide, diversely-peopled Dominion for having "prevented for ever the establishment of separate schools in the North West provinces." Thus do the Toronto News and Mr. Bergeron, M. P., co-operate in Conservative team-play.

Balgonie Burned.

Balgonie, N.W.T., April 7.—A disastrous conflagration occurred in Balgonie early this morning. About 1.30 flames were discovered issuing from the kitchen of the Balgonie hotel which quickly spread and resulted in the total destruction of the hotel, owned by A. W. Dundas; the store of D. S. Davidson, general merchant, the store of William Gibson, general merchant, and the implement warehouse of W. J. Hyde. The hotel and all its contents are a total loss, the occupants barely escaping with their lives, some being clad only in their night robes. The entire stock of G. S. Davidson store, valued at \$25,000, is totally destroyed. Part of the contents of William Gibson's store and also of W. J. Hyde's implement warehouse were removed.

Great credit is due the townspeople for the energy put forward in removing the contents from the Gibson and Hyde buildings. Fears were entertained at one time that the whole town was doomed on account of the wind rising and carrying the embers to the adjoining buildings. The Canadian Pacific railway depot, Wilson & Weir's general store and the large frame stables of Gentner & Zurovski were constantly in danger of catching fire during the progress of the flames, but were watched, and no damage resulted. The Regina fire brigade were telegraphed for, and arrived on a special train, but all further danger was over before their arrival.

The losses are: Balgonie hotel, \$25,000, insured for \$5,000; G. S. Davidson's general store, \$25,000, insured for \$10,000; William Gibson's general store, \$12,000, insured for \$3,000; W. J. Hyde, implements, \$15,000, insured for \$1,000.

TIME TO GET BUSY.

House Cleaning Time Will
Soon Be here.

You will want Paint, Varnish, Furniture Polish,
Wall Colors and Brushes.

Ross Bros., Limited, have the best assortment of these Goods to be found in any store west of Winnipeg, and you will be surprised to find how simple it is to apply these goods if properly selected

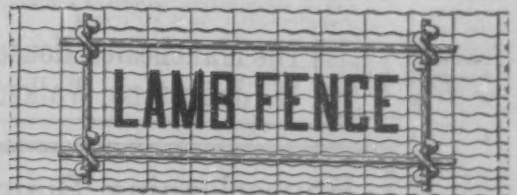

ROSS BROS. buy direct from the Manufacturers, and their long experience in the paint business enables them to choose what is best in material, and simplest in application.

There are so many times that a lady wants to do a little touching up in a room or on a piece of furniture, but does not want to go to the trouble, or expense of engaging a painter. Any man, woman, or child can do a good job with our ready mixed paints, and if you need any directions it is no trouble for Ross Bros. to give all the information necessary. New and fresh paints arriving almost daily.

THEY SELL AN IMMENSE QUANTITY in a season and the continual turnover always WARRANTS FRESH GOODS, which is a very ESSENTIAL THING in good READY MIXED PAINTS AND VARNISHES. Many smaller concerns will say their goods are just as good and fresh, but use your own judgment in this, and common sense will show you the difference.

To those who expect to want wire fence this season, Ross Bros. would like to call attention to the "LAMB WOVEN WIRE FENCE."

Many people will think that one wire fence is as good as another, but there are many reasons why some Woven Fences are better than others. The LAMB FENCE has a look or fastening peculiarly its own. It is made from the best Galvanized Carbon Wire. Provision is made for the contraction and expansion, and it does not bang or buckle which is so annoying in a great many fences. The wires are heavy and strong, and are made to withstand the pressure or attacks of the largest animals, and any man can stretch it into place. It is kept in 20, 30 and 40 rod rolls, in heights of 24 inches, 30 inches and 32 inches, sold in Edmonton only by

Arrangements made to replace the Imperial Troops with Canadian Forces.

Bulletin Special.

Halifax, April 18.—Pursuant to the design to replace the Imperial troops in Canadian defenses by Canadians, two companies from the military school at Fredericton will arrive in Halifax next month, and will form the nucleus of the Canadian regiment which is to garrison Halifax hereafter.

THE CAMPAIGN.

The Minister of the Interior has thrown himself into the campaign with the tireless energy and unshakable persistence which has for years been the inspiration of his friends and the despair of his opponents.

Though no opposition candidate has been announced, nor any definite statement made as to the intentions of the opposition, Mr. Oliver is addressing meetings every evening and has a series already announced covering several days in advance. Last night he spoke at Bow Accord, to-night he goes to Clover Bar, tomorrow he speaks at Stony Plain centre at 3 p.m. and at Spruce Grove at 8 p.m., Thursday evening at Sunnyside Friday evening at Agricola and Saturday evening at Morinville. Despite the busy season the attendance at the meetings has been large and thoroughly representative. That the Minister is met everywhere by assurances of enthusiastic support against all comers, and that a large number of these assurances come from those who have been political opponents in days gone by, is an indication of the popularity of the Minister and the general satisfaction with the existing school system.

Edmonton's Population.

Ottawa, April 14.—As nearly as can be ascertained by an examination of the Dominion census of 1901, the population of the present Dominion electoral district of Edmonton was then 19,831; of this number 6,936 are put down as Roman Catholics and 4,144 are put down as "Greek church." An examination of the latter showing places of origin make it plain that these placed under the head of "Greek church" are not Catholics, but members of the Russo-Greek orthodox church, and that the Galician "Catholics" who are of the Greek rite are properly included under the head "Roman Catholic." The Catholic population must therefore be taken as correctly stated at 6,936, or a little over one-third of the population, not seventy per cent., as stated in some newspapers.

EX-CONSTABLE CHEESBROUGH DEAD.

Rev. Alfred S. White of St. Luke's, Mission, Fort Vermillion, Peace River District writes the Bulletin as follows regarding the death of a former member of the R.N.W.M.P. well known in Edmonton.

To the Editor Edmonton Bulletin.

Dear Sir:—Would you kindly announce in the columns of your valuable paper the sad death of Arthur Cheesbrough, late of the North West Mounted Police, and well known in the Edmonton district. It took place at the house of Mr. Robert Jones, at about 10 o'clock on Thursday morning, February 24th, 1905.

Mr. Cheesbrough had been staying with Mr. Jones ever since he came down here. He came to the Vermilion with the intention of settling if the place suited him, he had already taken up a claim, broken some land and built a little shack. His death was very sudden and unexpected, and was a terrible shock to every one in the place. Up till a few days before his decease he had been apparently enjoying his usual health. Not feeling quite himself on Sunday he took some medicine, on Monday he went to work as usual, but feeling cold, went home. But thinking he had only caught a slight chill he did not say much about it, but kept to the house. On Thursday morning he felt himself decidedly worse and for the first time complained of pain. Directly after breakfast Mr. Jones hitched up his team and drove to Vermilion to get some medicine. He came to the mission and asked me to go and see him. I drove up at once taking medicine with me. About half way I met a young man, who had been sitting with him while Mr. Jones was off, who was hastening to let me know that poor Mr. Cheesbrough had already passed away, about half an hour before. The funeral took place on Saturday morning at 11.30, and we buried him in the English Mission churchyard on the west side of the church. The service was largely attended, and was conducted by myself. Although he had been such a short time in our midst, he had become a general favorite and had gained the respect of all, and his loss was sincerely mourned by everyone in the place.

I am sure his friends in Edmonton district will much regret to this sad news.

St. Luke's Mission, Fort Vermillion, Peace River, Athabasca, February 24th, 1905.

THE SCHOOL CLAUSES.

Editor Bulletin:

Dear Sir: The introduction and vigorous defense by Premier Laurier of the school clauses of the Autonomy Bill as first read, has beyond doubt cost that gentleman the confidence and support of scores of Liberals in all parts of the Dominion of Canada. But Sir Wilfrid Laurier is not the Liberal party; loss of confidence in the leader need not and should not mean desertion of that party, which may still stand for that policy and these principles. We approve. Granted then that the school clauses in their amended form continue for all time separate schools as they now exist in the Territories, we should remember that these schools are just as available to Protestants as Catholics and the principle of equal rights to all is not contravened thereby. When a province is young and sparsely settled, that is the time above all others where the establishment of separate schools is likely to be injurious to the educational welfare of that Province. In the past history of these territories, so far as the right to establish separate schools has been exercised, I am not aware that grievous conditions have been created anywhere, and it is my conviction that increase of the population will tend to minimize rather than to increase the objections urged to these schools. Moreover, a long look into the future, a look forward to the time when Protestant denominations will have agreed upon a common standard of religious teaching, when the Bible will be taught in our public schools and they shall no longer be open to the taunt of being "Gospel" schools, convinces me that the continuance of separate schools as we now have them may be even from a Protestant viewpoint, very desirable legislation. Again, any one who is at all familiar with the trend of educational practice knows that this tendency is to consolidation of rural schools, the establishment of fewer schools with superior equipment and larger enrollment, and this reform will of itself render increasingly difficult the establishment of separate schools in rural districts.

But provincial rights are being infringed upon. It is a question of provincial rights. That these rights will be curtailed by the proposed clauses is a debatable question—very much so. But I am convinced that the extent of the infringement, if any, is not nearly sufficient to justify the irreparable injury that would result from plunging the Dominion or even this electorate into the throes of an election campaign, the issues of which would be largely those of race and creed. There are many phases of the present political situation that are regrettable, but I believe that a calm survey of the whole field and above all a consideration of the fact that the electors of this country, Catholics and Protestants alike, will soon be called upon to install a provincial government, will convince a majority of our people that the acceptance of the amended clauses does not compromise our status as a Protestant or a Catholic citizen of our beloved Dominion.

Yours truly,
CONCORDIA.

Use Only 1/4 Teaspoonful

of Armour's Extract of Beef for a cup of Beef Tea. Yes, some require a whole teaspoonful, but they are not Armour's.

ARMOUR'S
Extract of Beef
is the different and better kind. It contains all the strengthening properties—all the rich, delicious flavor—of prime roast beef. Test it yourself—see how much more tasty soups, sauces, and gravies are—and how much longer it lasts—when you use ARMOUR'S.

POPULATION

CITY GOVERNMENT:
Mayor, K. W. MacKenzie; Aldermen, O. May, K. A. McLeod, W. H. Clark, D. B. Fraser, J. R. Boyle, T. E. B. Fraser, J. H. P. Fraser, W. A. Griesbach.

Conveniences:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cuning, Secretary, F. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—Train on time.

—Sunday next is St. George's day.

—Probs: Fair and a little warmer.

—Harold Nelson plays "Richard III" at the rink tonight.

—The city council meets in regular session this evening.

—The funeral of the late Thos. Houston is being held this afternoon.

—E. Carey's fur was sold yesterday, several local firms purchasing portions of it.

—The spring show, and auction sale of pure bred stock will be held in Calgary May 15, 16, 17 and 18, when 450 head will be offered for sale.

—The city electrician explains that the faulty lighting in the rink last evening was due to an unbalanced load on the stage on a three-wire system.

—It is reported on the street that the machinery for the Edmonton street railway plant is on the road and that arrangements have been made for securing ties and poles in B. C.

—The Ladies' Hospital Aid Society request donations of home cooking for the sale in aid of the society at Hall's confectionery on Saturday next. Donations should be left at the store not later than 1 p.m. on Saturday.

—Lacombe Advertiser: Frank Oliver, the newly-appointed Minister of the Interior, was a passenger on Wednesday's north-bound train, and made a brief speech to a large crowd of his admirers, who had gathered at the station to extend congratulations.

—Albertina—W. E. Cook, station agent at Fort Steele was drowned on Saturday afternoon. He was very well and favorably known in Calgary, having resided at this city for some months leaving here for Fort Steele a few weeks ago. He was employed in the commercial telegraph service here. He came here from Cranbrook, his home originally being in Western Ontario. Mr. Cook was out shooting. His clothes and gun were found on the shore of the lake. It is believed that he went into the water to get a duck which he had shot, that he was taken with cramps and in that way drowned. About two months ago Mr. Cook was married to Miss Rose Pihl, a very estimable young lady residing in this city. He was a member of the Methodist church and the Young Men's club. He was 25 years of age.

—Okotoks Review: The annual meeting of the Rocky Mountain Development Co. was held at Pincher Creek last week. The feature of the meeting was the optimistic feeling which prevailed among the officials. The accounts and vouchers were certified correct. The receipts from the sale of stock and loans amounted to \$30,985.55, while the expenditures amounted to \$25,487.92, leaving a balance at credit in the bank amounting to \$5,497.63. A neatly printed prospectus has been published in which is depicted several views showing the camp and the first load of oil leaving for the railway; tanks each containing 200 gallons of oil from wells 1620 feet deep; 35 horse power engine at work, and the tanks being filled with oil, and showing President John Lindholm giving instructions where to drill wells, also a picturesque view of Oil City, which promises to be a place of great importance in a short time. We shall endeavor to give further particulars of this wonderful place to our readers. We believe these oil wells will develop into a great bonanza, as in the past few weeks shares went up from \$10 to \$1 and it would not surprise us to hear of shares going up another dollar ere the month passes.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

Coal—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz—Persons of eighteen years and over and joint stock companies holding a miner's certificate may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein. The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet, together with the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase or by free miners may work their claims in partnership by filing notices and paying fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned.

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

STORE OPEN UNTIL 10 p.m.

MRS. H. C. McDONALD,
Jasper Avenue

abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospectively by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted.

A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for placer mining, and unopened land for agricultural and building purposes.

Petroleum—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospecting, an area of 640 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$100 an acre, subject to royalty at such rate as may be specified by order-in-council.
